BART GARRISON AGRICULTURAL MUSEUM OF SOUTH CAROLINA

The Bart Garrison Agricultural Museum of South Carolina is committed to the interpretation and preservation of South Carolina's agricultural heritage, and the impact and importance of agriculture to current and future culture and economies. Exhibits at the museum focus not only on the history of agriculture, but how that legacy affects modern and future agricultural practices and healthy living. The museum hosts workshops, classes and demonstrations on agriculture-related skills, including: chair caning, basket making, home preservation, soap making, sustainable practices for organic vegetable and meat production, etc., science, technology, engineering, and mathematics (STEM) of agriculture.

BRATTONSVILLE

Historic Brattonsville presents the history of the Carolina Piedmont through preserving and interpreting the story of the Brattonsville community. With over 800 acres, Brattonsville features a Revolutionary War battlefield, over 30 historic structures, and scenic nature trails. The farm maintains representative numbers of livestock to interpret the important role they played in the lives of the historic people in the region. The farm currently keeps a flock of sheep, small numbers of poultry, cattle, and pigs.
