FARM NOTES

Split Creek Farm is located in the Blue Ridge Mountains' scenic foothills of South Carolina. The Grade A Dairy is in a barn designed and built by the owners to include the milking and cheese operations and a kid nursery. A retail gift shop featuring goat milk products and folk art is open to the public. We invite you to use the links at the upper right corner of this page to shop for our award winning farmstead goat cheeses, goat milk fudge, goat milk yogurt, gift baskets and folk art.
